About CTL's ITAD Services

For organizations seeking responsible IT asset retirement and value reclamation, CTL is your comprehensive technology lifecycle services partner. We simplify IT asset disposition to reduce your IT staff workload, secure sensitive data, and unlock the hidden value in your retired technology.

Services offered include:

- **High-value cash back** for any brand of used IT equipment, including Chromebooks, Windows, Macs, tablets, and other computing IT equipment. **Convenient collection of retired equipment** at your location, including white-glove packing for bulk shipments.
- **Protection of sensitive data and identity** through the highest standards of R2v3 NIST 800.88-compliant logistical data sanitization and NAID AAA-certified data destruction services.
- **IT asset refurbishment, recycling, or responsible disposal** per stringent R2v3 certified reuse and recycling standards.
- **Ensured compliance and reporting** with an audit trail and real-time reporting on the processing of your assets.

Protect your reputation, reduce cost, and support sustainability with ITAD services from CTL, a certified B Corporation™.
