

WHY WORK WITH CTL?

Your Comprehensive Technology Lifecycle Partner

Your school deserves more than a vendor. You deserve a partner.

At CTL, we don't just supply devices; we act as an extension of your team. As solution-finders, we work directly with you to create tailored programs—from award-winning Chromebooks to comprehensive lifecycle support.

Here are a few reasons why schools and districts return year after year to work with CTL:

Dedicated Focus on Chrome for Education

We get schools. We understand your buying cycle, tech deployment issues, and service needs. CTL's ChromeOS devices routinely win education technology awards.

1:1 Partnership and Service

CTL works as your partner, not just a vendor, offering tailored programs and expert guidance to save you time and cost.

Your One Partner for Devices and Lifecycle Services

From planning and custom programs through configuration, deployment, maintenance, ITAD, and recycling, CTL smooths the lifecycle management of your entire ecosystem of ChromeOS devices: Chromebooks, Chromebox, and Google Meet.

Trusted by Thousands of Districts

CTL has enabled learning with millions of devices deployed since we began manufacturing Chromebooks in 2013.

The Industry's Highest Customer Satisfaction Rating

Our reviews highlight positive experiences with our responsive teams, with a 98.4% customer satisfaction rating for service and 4.7 out of 5 stars for the shopping experience. CTL ratings are significantly higher than any other OEM.

Customize and Purchase Your Way

CTL works side-by-side with you, configuring your order to meet your needs with services, volume pricing, contract pricing, and even leasing options - ensuring you receive the perfect program for your schools.

Sustainability First

As a Certified B Corp™, CTL delivers eco-friendly practices throughout the lifecycle of our devices and our business.

Durable Design for Rugged Student Duty

All CTL Chromebooks are tested to mil-grade standards, with features like spill-resistant keyboards, reinforced ports, drop protection, and easy repair options to lower your TCO.

When you partner with CTL, you're not just buying ChromeOS devices - you're investing in a solution that empowers learning, simplifies technology management, and aligns with your school's long-term goals.

WHY WORK WITH CTL?

Your Comprehensive Technology Lifecycle Partner

Building Success Together

“Our CTL account manager was incredibly helpful throughout the sales process. It was a great experience working directly with the manufacturer and **knowing we were getting the best pricing and accurate delivery timelines.**

Ian Walsh | The Summit School

“We started working with CTL a little more than a year ago, and we couldn't be happier. CTL understands our needs and goes above and beyond to provide the best support and expertise to come up with the right solution.

Trevor Edd | Device Admin
Coos Bay Public Schools

“Everyone at Bandera ISD involved in our Chromebook initiative is very pleased with CTL NL73 Chromebooks and support. Our account rep is superb, often going the extra mile to meet our needs. ZTE has saved countless hours for my department. Warranty repair, replacement parts, and in-house repairs are a definite plus. **We found a winner with CTL to meet our future Chromebook needs.**

David Brown | Bandera ISD, Texas
